

**VIRGINIA COMMONWEALTH UNIVERSITY  
FY 2023-2024 UNIVERSITY BUDGET PLAN**

**TAB III**

**FY 2023-2024 Tuition and Fees**

## Executive Summary

The Virginia Commonwealth University budget plan for FY 2023-2024 (FY2024) reflects the university's commitment to the strategic goals set forth in the university strategic plan, *Quest 2025: Together We Transform*, and the unique set of challenges presented as the university faces the impact of inflation.

### Tuition and Fees

As the university moves into the next fiscal year, it faces significant pressures from the rapid growth of inflation with the continued pressure on tuition affordability. While the university has been able to balance frozen undergraduate in-state tuition levels since 2019, with the added benefit of a one-time waiver provided to undergraduate in-state students in 2023, the resources made this possible were either one-time in nature (COVID Federal Funding) or have not been able to keep up with rapid growth in inflation that we have experienced in the last several years. The growth in inflationary costs include items such as utility rates, state mandated salary increases as well as continued focus on student success to include advising and financial aid. While meeting these new needs VCU continues to focus on affordability through limiting tuition increases and relying on state support and internal reallocations to maintain a balanced budget. In FY2024 a 3% increase in tuition, well below inflationary levels, will help meet the increase in cost demands and allow VCU to continue to invest in its future.

	<b><u>Resident Increase</u></b>	<b><u>Nonresident Increase</u></b>
Full-Time Credit Hour Undergraduate Students Living in Private Housing (15 credits per semester)	\$591	\$1,229
Full-Time Masters Students	\$603	\$1,015
Full-Time Doctoral Students	\$535	\$900

Several factors will increase expenses in areas funded by mandatory student fees in the upcoming year: inflation, the anticipated state salary increase, sustaining the multi-modal format for student support services, permanent funding to maintain the increased number and frequency of online courses, and increasing debt service costs:

- University fee will increase from \$2,356 to \$2,544, an increase of \$188.
- Technology fee will increase from \$300 to \$315, an increase of \$15.
- Health Service fee will increase from \$240 to \$246, an increase of \$6.
- Library Fee will increase from \$84 to \$88, an increase of \$4.

### Housing and Dining

- A representative room charge for double occupancy in University housing will increase by \$548. Rates for all housing options are summarized beginning on page 16.
- The rate for 200 Swipes with \$225 per semester in Dining Dollars will increase by \$248 for the academic year. Rates for all meal plans are summarized on page 18.

First Professional tuition and fee increases are summarized as follows:

- Tuition and mandatory fees for Medicine First Professional students will increase by \$1,246 for residents and \$1,944 for nonresidents.
- Dentistry First Professional tuition and mandatory fees will increase by \$2,727 for resident first year students and \$4,204 for nonresidents.
- Tuition and mandatory fee charges for the First Professional PharmD Program will increase \$783 for residents and \$1,040 nonresident students.

Overall, full-time credit hour undergraduate students living in University housing with 200 swipes and \$225 in Dining Dollars (15 credits per semester) will increase by \$1,635 for residents and \$2,273 for nonresidents.

### **Summary of notes applicable to Tuition and Fee tables**

- The Tuition and Fees section reflects all charges in dollars. Unless otherwise noted, students pay standard tuition and fee rates for their student classification type.
- Calculation of annual undergraduate tuition assumes 15 credit hours semester; 30 credit hours for the fall and spring semesters, although 12 credits per semester (24 credits per year) is considered full-time. Tuition will depend on the number of credit hours taken.
- Course overload fee: Full-time graduate students are also charged at the part-time per credit hour rate for each additional hour exceeding 15 credit hours per semester in which the student is enrolled. The overload fee does not apply to students in first professional programs or other programs which specifically require the student to enroll in courses that exceed the applicable maximum number of credit hours.
- Part-time student activity fee for programs on the MCV Campus are the total charge for the semester.
- Part-time undergraduate students enrolled in graduate courses required for their degree pay the undergraduate rate.
- Summer 2024 rates are projected and subject to revision. Student government fee rates are applicable to the total summer session.
- Students designated as “Off-Campus” do not pay student activity fee, university fee, student health fee, or capital outlay fees.

In addition to the tuition and fee charges identified, the president or his designee(s) may set tuition and fee charges for courses offered by the university. The rates shall be consistent with the university’s mission, the overall tuition and fee schedule, and state requirements.

<sup>(1)</sup> Tuition assumes 15 credit hours per semester; 30 credit hours for the fall and spring semesters, although 12 credits per semester (24 credits per year) is considered full-time. Tuition rates for full-time credit hour undergraduate students are listed on page III-6. Total tuition will depend on the number of credit hours taken.

<sup>(2)</sup> The special rate and program only applies to out of state students in the programs of Master of Decision Analytics-Evening format for cohorts starting in Fall 2023, Spring 2024, and Summer of 2024. Additionally included are the MS in Business-Concentration in Finance, Accounting, Marketing Management, MA in Economics & the MS in Information Systems for cohorts starting in Summer of 2024. Tuition assumes 12 credit hours per semester; 24 credit hours for the fall and spring semesters. The tuition and fees at \$26,265 for a maximum of 30 credit hours (prorated) for 3 consecutive semesters Fall (credits 12), Spring (credits 12), and Summer (credits 6), not including international health insurance premium, for OOS students enrolled in the graduate programs mentioned above. The \$26,265 is based on FY2024 academic year rates. Any price escalation that takes place for standard tuition and fees as set by the VCU Board of Visitors will be applied in FY2025 and beyond. Students beginning in Summer 2024 will likely pay more than \$26,265 if the BOV sets higher tuition rates for FY25.

<b>Total</b>		<b>\$ 5,348</b>			<b>\$ 5,292</b>	

<sup>(1)</sup> Only eligible for Doctoral students at candidacy. Tuition is the cost of ENGR 701, a 9 credit course with a unique tuition rate of \$2,500 per semester. Students enrolled in this course will pay standard rates for other courses if enrolled.

<sup>(2)</sup> The special rate and program only applies to out of state students in the programs of Master in Engineering (all concentrations) and Masters in Computer Science for cohorts starting in Summer of 2024. Tuition assumes 12 credit hours per semester; 24 credit hours for the fall and spring semesters. The tuition and fees at \$26,265 for a maximum of 30 credit hours (prorated) for 3 consecutive semesters Fall (credits 12), Spring (credits 12), and Summer (credits 6), not including international health insurance premium, for OOS students enrolled in the graduate programs mentioned above. The \$26,265 is based on FY2024 academic year rates. Any price escalation that takes place for standard tuition and fees as set by the VCU Board of Visitors will be applied in FY2025 and beyond. Students beginning in Summer 2024 will likely pay more than \$26,265 if the BOV sets higher tuition rates for FY25.
